**Blend Information:** 94% Chardonnay and 6 % Pinot Noir

**Food Suggestions:** Enjoy this wine with fresh oysters, seafood, salads or with good friends.

**In the Vineyard & Cellar:** Grapes were harvested at optimal ripeness during cool nighttime hours to ensure we preserve the primary fruit flavours inside the grapes. Wine grapes harvested at 24 degrees Balling. Through minimal intervention in the vinification process, we allowed the wine to express its individual characteristics as well as the soil of their origin. Chardonnay and Pinot Noir were vinified separately allowing us to determine the final style of this fruit-driven wine.
